

## **GOLFERS**

**If you have a motorized cart carry a small portable container of sand to take with you when the “cart path only” signs are posted.**

---

**Players who use a pull cart should also put a small sand container in their bags or hang one from their cart.**

---

**The rangers try to keep up with filling divots – but it is the players not the rangers responsibility to take care of this.**

**We have three beautiful courses. Please let's try to keep them nice.**

**Thank you  
The Golf Committee**
